PERSONAL SUMMARY

Third-year Computer Science student at Ateneo de Zamboanga University with hands-on experience in front-end development and UI/UX design. Proficient in React, Next.js, Tailwind CSS, and modern web technologies, with experience building responsive and user-centered web applications. Demonstrated ability to collaborate in team-based projects and enhance system usability through intuitive interface design. A consistent Dean's List honoree with proven leadership experience as a Production Manager and Secretary within student organizations. Seeking a Front-End Developer or Software Engineering internship to apply technical skills in a professional environment while completing the required 162-hour Computer Science Practicum.

EDUCATION

Ateneo de Zamboanga University

Bachelor of Science in Computer Science

Zamboanga City, Philippines

Expected Graduation, April 2027

- **Concentrations:** Web Development, Artificial Intelligence, and Software Engineering
- **Related Coursework:** Computing Fundamentals Software Engineering, Object-Oriented Programming, Discrete Mathematics, Statistics, Data Structures & Algorithms, System Analysis and Design, Computer Architecture, Machine Learning, Database Systems, Automata Theory, Human-Computer Interaction, Algorithm Analysis

EXPERIENCE

FFP Monitoring and Management System - Ateneo de Zamboanga University
Philippines

Zamboanga City,

Front-End Developer and UI/UX Designer

Sept 2025 – Dec 2025

- Contributed to the initial Records page structure by designing the table-based layout and page navigation for record management workflows.
- Designed and developed key front-end pages for the FFP Monitoring and Management System using **Next.js, React, Bootstrap, and Sass**.
- Built the Events page with interactive event cards, image galleries, and organized archived program content for formation activities.
- Developed the About page with responsive office profile cards, visual content sections, and accessible external links for university formation units.
- Created the Operations Manual interface with collapsible content sections to make long institutional documentation easier to navigate and read.
- Supported the system's overall UI/UX by improving page organization, readability, responsiveness, and consistency across dashboard views.
- Collaborated with backend developers to align system workflows, ensuring accurate data representation and efficient feature delivery.

PROJECTS

AdZU TaskHub – Student Task & Deadline Tracker

Zamboanga City, Philippines

Front-End Developer | Personal Project

Dec 2025 – Present

- Developed a university-focused task and deadline tracker for Ateneo de Zamboanga University students using **React, Vite, and MySQL**.
- Implemented secure user authentication with hashed passwords, session management, and adzu.edu.ph email validation to provide isolated student workspaces.
- Built subject and task management modules with due dates, notes, priority tagging, status tracking, and cascading subject-task deletion.
- Created dashboard views with search, multi-filtering, progress summaries, and an upcoming timeline to improve deadline monitoring and task organization.
- Designed and connected a relational database schema for users, subjects, and tasks, ensuring consistent data handling across the application lifecycle.

YSCode. – Personal Portfolio

Zamboanga City, Philippines

Frontend Developer | Personal Project

Oct 2025 – Present

- Developed a personal portfolio website using **React**, **Tailwind CSS**, and **Vite** to showcase projects, technical skills, and contact information.
- Implemented responsive UI components, interactive project modals, category-based project filtering, and improved navigation for better user experience across devices.

SKILLS

Frontend: HTML5/CSS3, JavaScript, TailwindCSS, React.js, Next.js, Sass, Bootstrap, TypeScript

Backend: Node.js, PHP, Python, C++, MySQL

Tools: Git/GitHub, Vite, VS Code, Figma, Canva, Android Studio

AI Development Tools: OpenAI API, Gemini API, Claude API

Cloud: Vercel

Soft Skills: Project Management, Team Leadership, Problem-Solving

Languages: English, Tagalog, Chinese

ORGANIZATIONS

Science, Information Technology, and Engineering Academic Organization (SITEAO)

Technical and Documentations Committee Production Manager

May 2025 – Present

- Lead a team in streamlining documentation workflows to ensure timely reporting and high-quality archives of organization activities.
- Managed content production timelines and ensured quality standards.
- Coordinated with committee heads and members to streamline workflows and deliverables.
- Oversaw the end-to-end production of technical documentation and digital assets for organization events.

Technical and Documentations Committee Assistant to the Head

Aug 2024 – May 2025

- Supported the committee head in managing technical and documentation tasks.
- Assisted in reviewing, editing, and organizing documents and job orders.
- Coordinated with members to track progress of documentation outputs.
- Helped maintain consistency and accuracy across materials.

Technical and Documentations Committee Member

Aug 2023 – May 2024

- Assisted in documentation for academic events, reports, and internal use.
- Collaborated with team members to meet deadlines and requirements.
- Maintained accuracy and organization of files and records.

Google Developer Groups on Campus (GDGOC)

Public Relations Committee Member

2025 – Present

- Assisted in promoting tech-related events and initiatives and creating captions for publication materials.
- Supported audience engagement and event attendance.
- Collaborated with team members to strengthen organization visibility.

Public Relations Committee Sub-Head

2024 – 2025

- Assisted in leading the Public Relations team and supervising content creation
- Spearheaded promotional campaigns for tech events, resulting in increased visibility across university social media channels.
- Mentored committee members in managing social media and publicity materials, professional communication standards, and public engagement tactics.
- Helped plan and execute promotional strategies for events
- Ensured consistent branding across platforms

Ateneo Informatics Computing Guild (AICG)

Secretary

Aug 2024 – May 2025

- Maintained accuracy in managing records, meeting minutes, and documentation.
- Organized schedules, communications, and internal coordination.
- Assisted in planning and execution of guild activities and events.
- Ensured proper documentation and archiving of organizational files.
